MERCHANT BANKCARD

6/29/2010

In your internet browser window go to <http://www.mbcmerchant.net> then click the PCI DSS Security icon from the upper right had corner

The image shows the homepage of Merchant Bankcard. The top navigation bar features the logo and tagline 'Merchant Bankcard RAISE YOUR EXPECTATIONS'. Below this are four main service buttons: 'Transparent Pricing', 'Payments Gateway', 'PCI DSS Security', and 'Unlimited Support'. The 'PCI DSS Security' button is circled in red. A secondary navigation bar includes links for 'Home', 'About us', 'Solutions', 'Support', 'Pay Online', 'Contact', and 'Login'. The main content area is divided into two columns. The left column is titled 'Why choose us?' and lists ten benefits, including 'Transparent Pricing', 'Online Bill Pay', 'Virtual Terminal', 'Customer Enrollment', 'eCheck Option', 'Customer Database', 'Recurring Billing', 'Direct Settlement', 'Unlimited Support', and 'PCI Compliance'. The right column is titled 'Our Payment System' and describes the payment processing services, mentioning that the system was designed with assistance from service industry merchants. It includes a sub-section 'The result of active client participation' and three buttons: 'Learn more', 'Our Promise', and 'View video'. At the bottom, there are two buttons: 'Transparent Pricing' and 'eChecks Cut Cost'.

PCI DSS: Protecting Cardholder Data

PAYMENT CARD INDUSTRY DATA SECURITY STANDARDS

Data security has become a primary consideration for every business that accepts credit and debit cards.

The five major card brands established the Payment Card Industry Council to oversee the Payment Card Industry – Data Security Standards (PCI-DSS) and to promote security of the credit and debit card data presented into the payments system.

All merchants and acquirers are required to comply by answering an annual Self-Assessment Questionnaire (SAQ) followed by third-party scans to confirm these uniform standards are met. PCI Validation results in reduced fees and exposure to liability.

Failure to comply within 90 days of the notification will result in a \$25 monthly non-compliance fee. The annual compliance fee of \$175 is waived the first year. To learn more, visit the PCI Security Council site.

Welcome to the Elavon Merchant PCI DSS Program

In partnership with Trustwave, Elavon is providing your business with the Merchant PCI DSS Program. This program features TrustKeeper®, which will help you easily approach your requirements for the Payment Card Industry Data Security Standard (PCI DSS). The Program will provide you with tools to help you validate compliance and protect your business for the long-term through data security best practices.

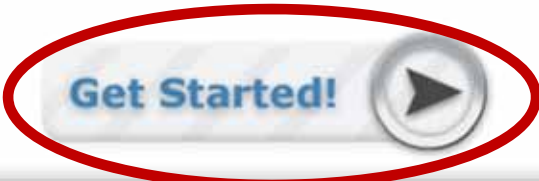

1 • **2** • **3** First, we'll identify how you accept credit cards. Next, you'll be connected to the right PCI Wizard for your business. This will help guide you through the PCI DSS certification process and identify any steps you need to take to protect your business.

TrustKeeper features include:

- The PCI Wizard to help guide you through the required steps
- Vulnerability Scanning service to help secure your web site or store, if required for your certification
- The Security Policy Advisor
- The TrustKeeper Agent to jumpstart the process and provide ongoing compliance monitoring.
- Access to the PCI Video Assistant, on-line help text, tutorials and educational tools for your staff.

Become Compliant Today!

The TrustKeeper PCI Wizard will walk you through the process for certifying PCI DSS compliance. Click below to get started.

Frequently Asked Questions

Company Name refers to the name under which you are registered with the bank that processes your credit card transactions. This is usually your business' legal name, but may be a 'Doing-Business-As' (DBA) alternate name. If you are unsure, please refer to your monthly statement or letter from your processor.

Merchant ID is the unique account number provided to you by the bank that processes your credit card transactions. Sometimes referred to as a Merchant Account Number, it can usually be found on your monthly statement of processed credit card transactions.

- Choose a User name that is easy to remember like your email address or your merchant id number
- Create and re-enter a password that is at least 7 characters long and contains at least 1 Capital letter and 1 Number
- Create a security question and enter the answer
- Then enter your first name, last name, and a number you can be reached at
- Check the I accept the terms of the license agreement
- Click Save and Complete

PCI Compliance

Scan Setup & Management

PLEASE NOTE: In addition to the self-assessment, PCI Compliance validation also requires that you pass a network vulnerability scan. Trustwave recommends that you proceed below to setup and run this scan before beginning the Compliance Wizard.

PCI Scan Setup & Management

Please identify all web sites and internet connections at your physical locations that are involved in credit card transactions.

Choose Location Type to Scan:

Select Location to Scan

- E-Commerce Web Site
- Physical Location

Cancel Save and Review

Skip the Scan Setup for now. I can always do it later... Continue to Next Step

Switch to Trustwave SSL and Save >> Buy SSL Now

1. Enter Office
2. Select 3rd option then enter 12.5.82.102
3. Click Save & Review

PCI Compliance

Scan Setup & Management

PLEASE NOTE: In addition to the self-assessment, PCI Compliance validation also requires that you pass a network vulnerability scan. Trustwave recommends that you proceed below to setup and run this scan before beginning the Compliance Wizard.

PCI Scan Setup & Management ?

Please identify all web sites and internet connections at your physical locations that are involved in credit card transactions.

Choose Location Type to Scan:

Physical Location ▼

- 1. Please specify a name for this location to scan (e.g. Main office, Chicago North Store, etc.).**
- 2. Trustkeeper offers three ways to identify a physical location for scanning:**
 - I am currently at this location. Use the IP address of the computer I am using (173.12.73.2)
 - I have one or more TrustKeeper Agents installed at this location.
 - I will specify the IP address.

3 Save and Review

Click Close from the Scan Now box

The screenshot displays the 'PCI Compliance' software interface. At the top, there is a header 'PCI Compliance' and a sub-section 'Scan Setup & Management'. Below this, a 'PLEASE NOTE' message states: 'In addition to the self-assessment, PCI Compliance validation also requires that you pass a network vulnerability scan. Trustwave recommends that you proceed below to setup and run this scan before beginning the Compliance Wizard.' The main area is titled 'PCI Scan Setup & Management' and contains a table with columns 'Name' and 'Type'. A single row is visible with 'Office' under 'Name' and 'Physical' under 'Type'. A modal dialog box titled 'Scan Now' is overlaid on the table. It contains an information icon (a blue circle with a white 'i') and the text: 'Your vulnerability scan will begin momentarily and run in the background. Click Close to go to the self-assessment portion of the PCI process.' A red arrow points from the text to a 'Close' button located at the bottom right of the dialog box. At the bottom of the main interface, there are two buttons: 'Add Another Location' and 'Scan Now'.

Name	Type
Office	Physical

Scan Now

i Your vulnerability scan will begin momentarily and run in the background. Click Close to go to the self-assessment portion of the PCI process.

PCI Compliance

Self-Assessment Questionnaire (SAQ) Selection

Select a SAQ Type

Please select which SAQ form is applicable to your business. If you are unsure, you can use the "Start Over" button to go back and select to use the step-by-step PCI Wizard, which will guide you through the process. **Start Over** !

1 SAQ Form A
Card-not-present (e-commerce or mail/telephone-order) merchants, all cardholder data functions outsourced. This would never apply to face-to-face merchants.

SAQ Form B
Imprint-only merchants with no electronic cardholder data storage OR Stand-alone terminal merchants with no electronic cardholder data storage.

SAQ Form C
Merchants with POS systems connected to the Internet, no electronic cardholder data storage.

SAQ Form D
All other merchants and all service providers defined by a payment brand as eligible to complete a SAQ.

2 **SAQ Form A: Eligibility Questions**

- Merchant does not store, process, or transmit any cardholder data on merchant premises but relies entirely on third party service provider(s) to handle these functions.
- The third party service provider(s) handling storage, processing, and/or transmission of cardholder data is confirmed to be PCI DSS compliant.
- Merchant does not store any cardholder data in electronic format.
- If Merchant does store cardholder data, such data is only in paper reports or copies of receipts and is not received electronically.

3 **Next Section**

- Select RETAIL for industry type
- Enter your physical address, city, state, country, and postal code

The screenshot shows a web form for PCI Compliance Merchant Profile Information. The form is titled "Next Step in PCI Certification: Merchant Profile Information" and includes a sidebar with navigation options: PCI Compliance, Dashboard, Manage Merchant Profile, Security Policy Advisor, and Security Awareness Training. The form fields are as follows:

- Company Name: * TRANS UNITED
- DBA: [Empty]
- Industry Type: * Please Select... (Annotated with a red arrow labeled '1')
- Primary Point-of-Contact: Anthony Raso[8018126311]
- Address: * [Empty]
- City: * [Empty]
- State: [Empty]
- Country: * Please Select... (Annotated with a red arrow labeled '2')
- Postal Code: * 33312

Under the "Merchants" section, there is a table with the following data:

Merchant ID	Primary
8018126311	<input checked="" type="checkbox"/>

Below the table is the "Additional Profile Questions" section, which includes a question: "Does your company have a relationship with one or more third-party service providers (for example, gateways, web-hosting companies, airline booking agents, loyalty program agents, etc.)?" with radio buttons for "Yes" and "No".

At the bottom left, there is a "Switch to Trustwave SSL and Save" button with a link to "Buy SSL Now". At the bottom right, there is a "Next Section" button.

- In the Additional Profile Questions section both answers are no
- Click Next section

The screenshot shows a web form titled "PCI Compliance" with a sidebar on the left containing navigation links: "Dashboard", "Manage Merchant Profile", "Security Policy Advisor", and "Security Awareness Training". The main content area is titled "Next Step in PCI Certification: Merchant Profile Information" and includes a sub-header "Please review and complete the required items below as part of the PCI certification process." Below this is a "Required Field" section with the following information: Company Name: TRANS UNITED; DBA: (empty); Industry Type: Retail; Pri. Point-of-Contact: Anthony Raso[8018126311]; Merchants table with Merchant ID 8018126311 and Primary status checked; Address: 5753 SW 24th Ave; City: Ft lauderdale; State: Florida; Country: United States; Postal Code: 33312. Below the required fields is the "Additional Profile Questions" section. The first question is "Does your company have a relationship with more than one acquirer?" with a checked "Yes" radio button. The second question is "Does your company have a relationship with more than one acquirer?" with a checked "No" radio button. A "Next Section" button is located at the bottom right. Three red arrows with numbers 1, 2, and 3 point to the "Switch to Trustwa and S" button in the sidebar, the "No" radio button for the second question, and the "Next Section" button, respectively.

The image shows a screenshot of a web form titled "Acknowledge & Submit". The form is divided into two main sections. The first section, "Confirmation of Compliant Status", contains three checkboxes, all of which are checked with red checkmarks. The second section, "Merchant Acknowledgement", contains four text input fields. The first field is for the "Signature of Merchant Executive Office" and contains the placeholder text "Type your full name here". The second field is for the "Title". The third field is for the "Merchant Company Represented" and contains the text "FENN TERMITE AND PEST CONTROL". The fourth field is for "Today's Date's: (MM/DD/YY)" and contains the date "06/28/10". At the bottom right of the form is a "Submit" button. Three red arrows with white numbers 1, 2, and 3 point to the first text field, the second text field, and the "Submit" button, respectively.

- As long as your status is **PASSED!** You are complete.
- Please send your USER NAME & PASSWORD to support@mbcmerchant.net so we can keep you updated on upcoming PCI requirements.
- If your status reads anything other than passed please call 888-862-8831 for assistance.
- Please note that your scan may take 1 day to complete and receive a passing status

Thank You for Submitting Your PCI Compliance Form.....What's Next?

Your PCI form has been sent to your bank for processing. Please read the instructions below to see if you have to take additional steps to fix any remaining issues and/or vulnerabilities.

PCI Certification Status: Passed!

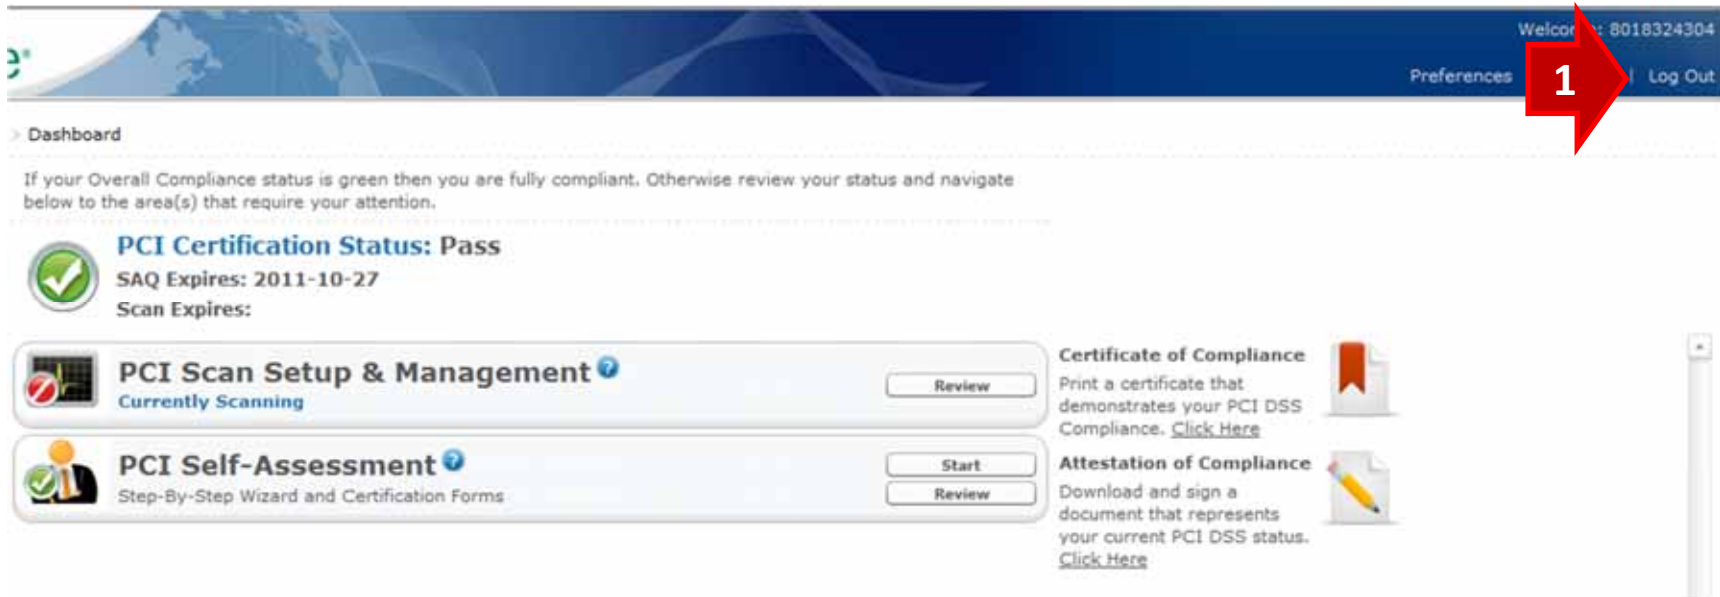

Congratulations! You have successfully completed and passed the PCI certification process. Your status has been reported to your bank or processor.

To view, download and print a full report of your answers, visit your PCI Dashboard by clicking the button below.

Securing your business is an ongoing process. Because your business may change, and because the PCI DSS changes to keep up with the evolving threats, you are required to repeat this Self-Assessment Questionnaire once per year.

Visit your PCI Dashboard

Choose Log Out

The screenshot shows a dashboard with a dark blue header. On the right side of the header, the text "Welcome: 8018324304" is visible. Below this, there are two links: "Preferences" and "Log Out". A red arrow with the number "1" inside it points directly to the "Log Out" link. The main content area is titled "Dashboard" and contains a message: "If your Overall Compliance status is green then you are fully compliant. Otherwise review your status and navigate below to the area(s) that require your attention." Below this message, there are three main sections: 1. "PCI Certification Status: Pass" with a green checkmark icon, "SAQ Expires: 2011-10-27", and "Scan Expires:". 2. "PCI Scan Setup & Management" with a red and black icon, "Currently Scanning", and a "Review" button. 3. "PCI Self-Assessment" with a green and black icon, "Step-By-Step Wizard and Certification Forms", and "Start" and "Review" buttons. To the right of these sections, there are two additional links: "Certificate of Compliance" with a red bookmark icon and "Attestation of Compliance" with a yellow pencil icon. Both of these links have "Click Here" text below them.

- Please note that your scan may take 1 day to complete and receive a passing status
